Academic Weekly Report

GROUP 05

Week ending: **April 12, 2026**

Group Members

Student ID	Full Name
25125053	Tran Quoc Huy
25125059	Tran Thanh Loi
25125034	Tran Quyet Thang
25125058	Nguyen Son Lam

Progress In This Week

During this week, our team focused on refining the user interface and enhancing the core logic of the application. The key achievements include:

- **Feature Completion:** Finalized basic interface functionalities for fundamental operations, including *Insert, Search, and Delete*.
- **Animation System:** Successfully developed a specialized animation system for node generation and smooth movement simulation to improve user experience.
